

ESTABLISHED 1830.

Dr. J. C. B. Williams, after treating 20,000 cases of Consumption, says in the *London Lancet*:

"The great remedy, more essential and more effectual than any other, is COD-LIVER OIL—the pure, pale oil simply extracted from the fresh, healthy liver of the fish, and I have no hesitation in stating my conviction that this agent has done more for the consumptive than all other means put together; and so far is this remedy from having 'had its day and gone out of fashion,' that in my experience its usefulness and efficacy have gone on increasing in proportion to the greater facilities for obtaining it in a pure state."

The catch in Norway being very light, and price extraordinarily high, much **adulterated** and even **spurious** oil is put on the market. **Purity** and **freshness** being all important, we would respectfully suggest that patients should be directed to take only that which is put up under our label, or procure it directly from our laboratory,—**815 Filbert Street.**

Price, 75c. per bottle, 3 bottles, \$2.00, or on draught, 50c. per pint.

BAKER'S EMULSION with Hypophosphites of Lime and Soda.

A prominent Philadelphia physician says: "I have tried all the Cod Liver Oil emulsions, and find none equal to Baker's in its easy administration and universally good results."

16 ounce bottle, \$1.00, 3 bottles, \$2.25.

BAKER'S COD-LIVER OIL with Extract of Malt.

A combination of equal parts of these two most valuable agents, prepared so as to **completely** mask the taste of the oil, and render it quite palatable.

16 ounce bottle, \$1.00, 3 bottles, \$2.25.

DAHL'S NORWEGIAN MALT EXTRACT: We have just received a fresh invoice of this excellent tonic, which has proved of great benefit in cases of imperfect digestion, mal-nutrition, general debility and convalescence, especially valuable to nursing mothers and delicate females. Price, \$3.60 per dozen; single bottle, 35 cents.

JOHN C. BAKER & CO., 815 Filbert St., Philadelphia.
